Architects' Training

Sarah Lewis

Some Stats

42,579 - Number of registered architects as of last Wednesday 23rd Oct 2019 (ARB data request)

516 - Number of registered Certified Passivhaus Designers in UK (1.2% if all architects)

Some Stats

18,200 - All students within the 45 RIBA accredited
School of Architecture (from RIBA report on 2017/18 data)

Almost 4,000 – New entrants to Part 1 in 2017/18

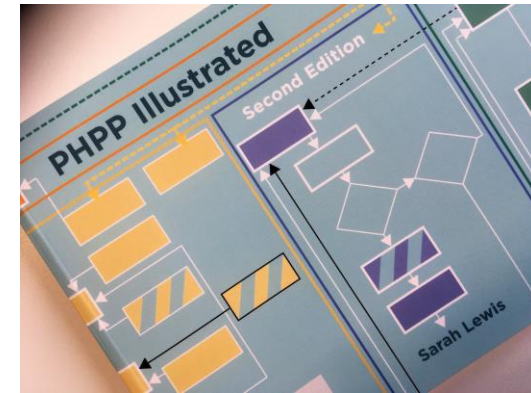

1,400 – Architects pass the part 3, 2016/17 (3% of
current register)

Architecture Education Declares

- Is now the time to **seize the moment?!**
- Students are being asked if they think the **curriculum** should **change** in light of the **Climate Emergency**

My Personal Experience

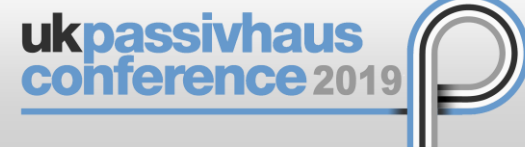

- Certified 2010 after the certification of the Camden Passivhaus at bere:architects
- Approached by RIBA to write guidance
- Renewed certification, 2016 after the completion of the Carrowbreck Meadow Development at Hamson Barron Smith (required every 5 yrs)

Hamson Barron Smith Experience

- **CPD** training for all staff in the main office on Passivhaus and using PHPP
- In-house **Passivhaus champion**
- Introductory talks to other disciplines and other regional offices
- To date HBS have completed over **60 certified units.**
